## RELEVANT FACT OF NEURON BIO

In compliance with the provisions of the MAB circular 9/2010 on information to be provided by the companies in expansion integrated in the MAB the company, Neuron Bio, S.A., hereby puts in knowledge that it has reached a strategic agreement with Grupo Taper aimed to enhance its commercial activities.

Grupo Taper is one of main health and science technology suppliers in Spain and Portugal with a portfolio of over 3,000 clients and a turnover of over €25 million in 2013.

Neuron Bio, via its division Neuron BioServices has signed a commercialization agreement related to a range of research and development services with the company Grupo Taper, who will be in charge of these commercial activities in Spain in Portugal through its consolidated commercial network.

Neuron Bio brings to the alliance its know-how in the research field, its researcher and manager team, as well as its cutting-edge facilities and laboratories. Meanwhile, Grupo Taper brings its experienced commercial team build up by over 80 professionals, as well as its client port-folio in the science and health sector. The alliance between both companies enables Taper to offer R&D services developed by Neuron BioServices thus Neuron Bio enhances its commercial capacity.

Representatives of both companies valued very positively the agreement and are confident that it will lead to productive results in a short-medium term.
